

LUANNA DELICATO

Digital Operations, Support and Documentation Specialist

(351) 915 933 490 | delicato@outlook.pt | [linkedin.com/in/delicata](https://www.linkedin.com/in/delicata) | www.delicato.pt | Porto, Portugal

Professional Overview

Detail-oriented Digital Operations and Documentation Specialist with extensive experience in back-office workflows, regulatory reporting, and non-voice customer resolution. Expert in maintaining data integrity and streamlining internal processes using tools like Zendesk, Jira, and Microsoft Template Editor. Proven ability to manage complex documentation and technical troubleshooting in high-stakes environments while consistently exceeding efficiency KPIs.

Work Experience

Technical Support Specialist | Nox Medical, Porto (Remote)

JUL 2026 – Present

- Provide advanced Tier-2 technical support across global medical hardware, desktop software, and cloud systems, serving as the core escalation bridge between Tier-1 agents and Tier-3 R&D developers.
- Investigate, document, and triage complex software and hardware defects via Jira and Zendesk, delivering detailed reproduction steps, logs, and diagnostic feedback to development boards.
- Lead technical communication with international healthcare providers, distributors, and global end users under strict HIPAA, GDPR, and medical device compliance standards.
- Act as a product super-user performing hardware and software version testing, handling complaint lifecycle documentation, and authoring comprehensive internal technical runbooks.
- Cover global mission-critical operations, on-call rotational duty, and night coverage for APAC/Australia regions to maintain uninterrupted SLA adherence.

Technical Documentation & Reporting Specialist | Kneip - Deutsche Börse Group, Porto (Hybrid)

OCT 2024 – FEB 2026

- Managed daily monitoring and reconciliation of NAV and share-class data to ensure 100% precision in regulatory reporting.
- Repaired standardized document templates using HTML and JSON logic within Microsoft Template Editor and client-specific software.
- Provided dedicated B2B email-based support to SaaS partners regarding data integration and reporting workflows.
- Ensured full compliance with evolving PRIIPS and UCITS regulations through meticulous document validation in 3 distinct markets (US, EU, and UK).

Web Assistant & Back-Office Administrator | Oldschool Gaia, Vila Nova de Gaia (Remote)

DEC 2016 – FEB 2026

- Designed, Developed and maintained website functionality and digital performance using technical literacy to ensure seamless user experience.
- Managed back-office operations and digital order processing to support daily business continuity.
- Maintained Social Media channels and helped with growth.

Digital Resolution & Operations Specialist | Airbnb, Lisbon (Remote)

MAR 2020 – NOV 2023

- Optimized internal systems, reducing average case handling time by 50% (from 15 minutes to 5-7 minutes).
- Resolved high-stakes host-guest disputes with a 95% success rate through expert written communication.
- Collaborated with global cross-functional teams to implement workflow improvements and maintain operational consistency.

Customer Service Advisor | Instacart, US (Remote)

JAN 2020 – MAR 2020

- Coordinated real-time partner deliveries via live chat and CRM, managing rescheduling and order alterations.
- Tracked platform technical issues using Jira to improve operational efficiency for delivery partners.
- Identified complex operational bottlenecks and escalated critical cases to the CX team for rapid resolution.
- Provided high-volume, real-time assistance to partners, maintaining high service standards in a fast-paced remote environment.

Customer Care & Compliance Advisor | Millennium BCP, Sintra (On Site)

MAY 2018 – DEC 2019

- Analyzed financial statements and transactions to uphold regulatory integrity and support internal audits.
- Ensured 100% accuracy in regulatory documentation for a diverse client portfolio.
- Provided full crisis support to customers traveling who were unable to use their cards or accounts.
- Handled internal documentation via fax/email/phone and assisted with security breaches.

Operations & Quality Specialist | Teleperformance, Porto (On Site)

OCT 2015 – ABR 2018

- Reviewed and validated service activation data, ensuring Direct Sales (D2D) contracts met strict company compliance standards.
- Managed technical activations for mobile, FTTH (fiber), and DTH (satellite) services via the Siebel system.
- Provided application support to SaaS partners and collaborated with field technicians to finalize and verify on-site installations.
- Promoted to Subject Matter Expert (SME) and Trainer, coaching colleagues to improve efficiency, quality, and KPI/KYC metrics.
